

TEKTON CONSTRUCTION

Building Dreams, Brick by Brick

Company Story & History

Tekton was founded in 2015 by Joe Smith and Allison Hart. They recognized that smaller projects lacked the support available to larger developers, particularly in a cost-effective manner. Tekton was established to bridge this gap, offering state-of-the-art construction management and purchasing solutions. Today, with over 100 employees, Tekton is Indiana's largest privately owned construction management firm.

- Founded in 2015
- Focused on small and medium-sized developers
- Over 100 employees

1. Innovative construction management
2. Cost-effective purchasing solutions
3. Indianas largest privately owned firm
